The map displays the acoustic zoning for the municipality of Sant'Urbano, situated along the Adige river. The zoning is categorized into six noise classes, each represented by a specific color and pattern: Class I (green cross-hatch), Class II (yellow cross-hatch), Class III (orange cross-hatch), Class III-Agricola (white), Class IV (red cross-hatch), Class V (pink cross-hatch), and Class VI (blue cross-hatch). The map also delineates road zones for extra-urban roads, with Class A (100m wide) and Class B (50m wide) zones shown in light blue. A 25+25m buffer zone between Class III and Class V is indicated by a light grey hatched pattern. Areas designated for temporary manifestations and events are shown in green. The map includes labels for neighboring municipalities: Piacenza d'Adige, Vescovana, Barbona, Lusina, Lendinara, Villafora, Balduna, Ca' Priuli, Ca' Morosini, and Rotta Sabadina. The Adige river is shown flowing through the center of the municipality, with various local roads and landmarks labeled throughout the area.
